

# Summer 2016 Study Abroad Program in Ecuador Information Sessions

**When: September 29 and Sept 30, 2pm – 2.50pm**

**Where: Mitchell Hall 301**

Do you need credits to fulfill your Spanish language requirement, minor or major? Are you looking for exciting things to do during this winter? Why not do both things at the same time while studying abroad in one of the world's most ecologically diverse countries? Get to know Quito, a city with a small town atmosphere and a cosmopolitan character, while living with a host family, visit the world famous indigenous market of the city of Otavalo and explore its natural surroundings, spend time relaxing in the volcanic town of Baños, and discovering the wonders of the Amazon jungle—and, if you want, plan a relaxing weekend at the beach.
