# RPA* DAY

Build your own process automation robot!

To sign up, select your day and scan the QR code.

Tuesday, Oct. 25th, 4:25-7:10 pm, BPC212

Or

Wednesday, Oct. 26th, 4:25-7:10 pm, BPC116

Robotic Process Automation (RPA) Day

During the RPA day, you are going to receive a training on how to use the software, UiPath, to build a simple robot that can automate practically anything!

*Robotic Process Automation

What is an UiPath Robot?

- A software robot that's intelligent, reliable, and flexible

- A robot that interacts with screens, systems, and data like people do

- A robot that can take care of tedious tasks

- A robot that can improve work efficiency and maintain high performance

- A robot that can work with multiple platforms, such as SAP, Salesforce, Oracle, Microsfot, Google, etc.

- A robot that YOU can build and manage easily without coding background
