

**Policy on GPA's of Earned Master's Degrees  
(Graduate)**

Date Proposed:	May 3, 2012
Date Recommended by CAPC:	May 3, 2012
Date Approved by Provost:	May 17, 2012

Policy

The GPA of an earned Master's degree will not be calculated into the GPA of subsequent graduate courses/program. At the undergraduate level, the GPA of an earned baccalaureate degree is discrete from the GPA of any post-baccalaureate work that the student undertakes. This proposed policy would extend this practice so that, after earning a Master's degree, the GPA of that degree is kept discrete and not used in the calculation of a second graduate program GPA.
