

# **West Chester University of Pennsylvania Dietetic Internship Recency of Education Form**

## **Graduate Degree**

To enroll in WCU's Post-Master's Certificate Dietetic Internship program you must have completed a graduate-level degree with a minimum 3.25 GPA. Graduate degrees include master's degree (MS, MPH, MBA, etc.), practice doctorate, or doctoral degrees (ex. Ph.D., Ed.D, DCN, DHSc, etc.). While a graduate degree in a nutrition-related field is preferred, any graduate degree granted by a USDE accredited institution will be considered.

## **DPD Verification Statement**

All applicants (Post-Master's Certificate and MSCN/DI) must provide a Verification Statement from their DPD program. *If you obtained your Verification Statement from your DPD program more than five years ago, you must submit this recency of dietetics-related education and/or experience form.* This can be a combination of dietetics-related work experience, graduate level coursework in health science and nutrition-focused fields, or continuing education related to nutrition and dietetics.
