Event Agenda

2:30 – 2:45 PM

1. Welcome and Introduction

- Event goals and overview of career opportunities across forensic drug chemistry, toxicology, and death investigation.
- Speaker introductions (name, unit/agency, role).

2:45 – 3:35 PM

2. Speaker Presentations: Paths and Pathways

2:45-3:00 pm: **Lisa Mundy**

3:00-3:15 pm: **Edward Dugan**

3:15-3:30 pm: **Sophia Garcia-Jackson**

Three agency speakers, about 15 minutes each, with short transitions:

- Drug Chemistry Unit
- Toxicology Unit
- Coroner's Office

Each speaker covers:

- Education path
- Agency's hiring process (how to apply, timelines, internships, entry points)
- Professional organizations for students to join and find job opportunities

3:35 – 4:05 PM

3. Panel Q&A with Students

- Moderated discussion with all four speakers.
- Questions from students in the room, with a few collected in advance to get things started.

4:05 – 4:20 PM

Break

- Networking and refreshments. Students line up with printed resumes for the next session.

4:20 – 4:55 PM

4. Resume Review with Speakers

- Speakers briefly review student resumes and give feedback based on their hiring experience.

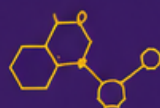

4:55 – 5:20 PM

5. Alumni Talk: A Career Journey

- **Tyler Vidal** – Philadelphia Medical Examiner's Office
 - **Anthony Mustilli** – West Pharmaceuticals
- Alumni share their career path, including how their degree and early experiences led to their current role (about 10 minutes each), followed by a few minutes of student questions.

5:20 – 5:30 PM

Closing Remarks
